

CALIFORNIA LEGAL PROFESSIONAL LIABILITY INSURANCE REPORT

Form Number : RSU#10/2000

November 22, 2002

As of December 31, 2002
(Section 11555.2 of the California Insurance Code)
General Instructions

1. Only Insurers that were authorized to transact Liability Insurance, as defined by Section 108 of the California Insurance Code, are required to file this report.
2. This report is required pursuant to Section 11555.2 of the California Insurance Code. It is required of each insurer transacting insurance covering liability for malpractice of any person licensed under the State Bar Act (Chapter 4 [commencing with Section 6000] of Division 3 of the Business and Professions Code). This report is part of a continuing effort by the State of California to monitor the professional liability insurance business.
3. The amounts reported are to reflect only the business written in California. This report is to be filed on a group basis with inter-company reinsurance transactions excluded. One report is to be filed for the total business of each insurer group. All amounts to be reported are to be the direct liability with no deduction for reinsurance.
4. Since the premiums and losses are reported herein on a direct basis, there is no need for this report to be filed by admitted (licensed) reinsurers. Provided that the admitted reinsurer has been identified on page 1, the Department will consider that the ceded premiums and losses reported herein to have been filed on behalf of the reinsurers and the reinsurers need not file a separate report.
5. Whether the coverage was written on a claims-made basis or an occurrence basis, the statute requires that the information be broken down by the year the claim occurred (that is, the year in which the malpractice event occurred which gave rise to the reported loss).
